State Organic Certification Rebate Application
 (Cost Reimbursement)

The Louisiana Department of Agriculture and Forestry (LDAF), to support and encourage organic production in the state, is offering to rebate a portion of organic certification costs incurred when organic producers and handlers contract with private organic certifiers for certification services. Certified organic producers or handlers in Louisiana are eligible for a partial reimbursement of organic certification costs on an annual basis. The amount of the LDAF state rebate will equal 75% of the cost of organic certification up to a maximum of \$750.00, but shall not be in an amount which, when totaled with any federal reimbursement, exceeds the total of certification costs incurred. This rebate will be available to eligible Louisiana organic producers and handlers upon submission of 1) completed LDAF Rebate Application, 2) proof of organic certification, and 3) supporting documentation of organic certification costs.

(Organic certification costs incurred during the current year are eligible.)
