

Solar Water Heater Rebate Program

In an effort to reduce demands on conventional fossil fuel based energy sources the City of Sunset Valley is offering a solar water heater rebate to homeowners.

Sunset Valley's conservation program can be used in addition to the rebate offered by Austin Energy. Austin Energy rebates \$1500-2000 for purchase and installation of solar water heaters. Residents should apply for the Austin Energy rebate and receive approval and then apply for the rebate offered by Sunset Valley. Austin Energy representatives will conduct on-site surveys and inspections of the system.

Requirements for the Austin Energy rebate can be found at:

<http://www.austinenergy.com/Energy%20Efficiency/Programs/Rebates/solar%20rebates/Solar%20Water%20Heater/index.htm>

Sunset Valley's solar water heater rebate program is offered at 30% the cost purchase and installation up to \$2000.00. Rebates will be issued after the system has been installed and inspected. Please complete the following application and attach the necessary forms to apply for this program. Rebates are available on a first come, first serve basis.

SOLAR WATER HEATER APPLICATION

Homeowner:

Name		Address	
Phone		Cell Phone	
Email			

Contractor/Installer:

Name		Registration Number	
Contact Person		Address	
City, State, Zip Code		Phone Number
